

# DESIGN-BUILD IN AVIATION AN ALTERNATIVE LOOK AT DESIGN-BUILD DONE RIGHT

California's aviation facilities owners have truly embraced collaborative project deliveries, with many using progressive design build to leverage our industry's most innovative thinkers, reduce waste, and produce the best value for our local airports. In addition, extreme leaders have emerged on this front, including Geoffrey Neumayr of San Francisco International Airport. Geoff's approach combines IPD principles with a Progressive Design-Build contract to evoke the best problem-solving and team practices possible. Join Geoff, Keith Thompson and California aviation owners from Ontario and Long Beach Airports for a program about the most innovative Design-Build deliveries, best practices, and a discussion on what projects are coming soon.

## Tuesday, June 5, 2018 at 7:30am
