

DESIGN-BUILD FOR SAN FRANCISCO PUBLIC EDUCATION INSTITUTIONS

Join DBIA-WPR Bay Chapter at their next luncheon. As students kick off the new school year, the San Francisco Unified School District and City College of San Francisco are gearing up for the design and construction of a multitude of projects. Leaders from both District's will share their perspectives on why they will be utilizing design-build and other collaborative forms of project delivery for their upcoming work. Through a moderation format, there will be a series of questions that will provide the audience with insights, lessons learned and strategies they plan to use for successful project delivery.

DBIA-WPR BAY CHAPTER LUNCH WEDNESDAY, OCTOBER 16, 2019
