

# DBIA-WPR OWNERS' COUNCIL WEBINAR BIM & TECHNOLOGY IN DESIGN-BUILD

Join DBIA-WPR Owners' Council for session #7 of the 2019 Owners Council Webinar Series. The series foundation is built from the Design-Build Institute of America Manual of Practice. This year's theme is "Design-Build Done Right." A highly experienced practitioner will present each of the 9 topics. August's 40 min presentation titled "BIM & Technology in Design-Build" will be hosted by Marc Valls and Luis Perez of Charles Pankow Builders. Are you interested in learning how 3D goggles and virtual reality are now becoming more prominent in Design-Build and how builders and owners are using it?
