

DBIA-WPR OWNERS' COUNCIL WEBINAR 2020 OWNER TO OWNER SERIES - UCSD'S TRANSITION TO PROGRESSIVE DESIGN-BUILD

Join **DBIA-WPR Owners' Council** for session #6, the **last** session of the 2020 Owners Council Webinar Series. The series is built from the Design-Build Institute of America Manual of Practice. This year's theme is "Owner to Owner Perspective and Lessons Learned." A highly experienced Owner, Practitioner, or Academic will present the topics. This webinar will be presented by Eric Smith of University of California San Diego. Are you interested in hearing from an experienced Owner the pro's and con's or the good, bad and ugly of transitioning into Progressive Design-Build? Join us and hear from an acknowledged industry expert who will share the "why's" and sometime difficulties of transitioning from traditional Design-Build to Progressive Design-Build. A good opportunity for Owners to hear from another Owner how a large capital program is operating.

2020 WEBINAR SERIES-SESSION #6 FRIDAY, AUGUST 14, 2020

Log On: 11:55am
Webinar Begins: 12pm

REGISTRATION ONLINE ONLY AT
dbiawpr.org

Mr. Eric Smith

This webinar is hosted by the Western Pacific Region Owners' Council and is intended to educate owners on design-build practices. For more information, please contact DBIA-WPR at admin@dbiawpr.org.

SPEAKER

Mr. Eric Smith, PE, DBIA
Associate Vice Chancellor
University of California San Diego

Eric Smith's department is charged with delivering a major capital program that will transform the built environment and physical landscape of the university. Eric has a substantial and diverse background as a leader in the facilities, design and construction industry as owner, contractor and consultant. Prior to UC San Diego, Eric held executive positions in private construction management practice, preceded by twelve years managing the capital construction program at University of Washington. His earlier career included leadership positions with a top national general contractor and active duty service as a commissioned officer in the U.S. Navy Civil Engineer Corps. Eric holds a Bachelor of Science degree in ocean engineering from the United States Naval Academy and a Master of Science degree in construction management from the University of California, Berkeley. Eric is a designated Design-Build Institute of America (DBIA) professional and serves on the Board of Directors of the DBIA Western Pacific Region. He is a registered professional civil engineer in California and a retired U.S. Naval Officer.
