

DBIA-WPR SACRAMENTO CHAPTER WEBINAR VIRTUALIZATION OF DESIGN AND CONSTRUCTION

Join **DBIA-WPR Sacramento Chapter** for webinar with a panel discussion. In this new normal of heightened safety precautions, how can the AEC industry supplement the face to face project team integration we've come to expect with virtual collaboration? Can we be just as effective delivering complex projects using virtualization than we can at physical integration? In this webinar, the Sacramento Chapter will provide the viewpoint from the builder, designer and owner on how the AEC industry is adapting to delivering complex projects using virtual collaboration tools to conduct meetings, gain consensus and reliable commitments, and manage remote teams.
