

DBIA-WPR SAN DIEGO CHAPTER WEBINAR CONSTRUCTION IN THE TIME OF CORONAVIRUS

Join **DBIA-WPR San Diego Chapter** for a virtual lunch and hear what industry leaders have to say about the outlook of San Diego's building industry. Representatives from education, healthcare and the airport will give insight and answer questions like: has project funding been impacted? Are they considering new design or specification standards? Will procurement methods or insurance requirements change? Stay to the end for a Q&A session to ask your own questions!

Webinar is open to all chapters, members and non-members.
