

LEAN PROJECT DELIVERY THROUGH DESIGN-BUILD

Tuesday, April 7, 2015 at 11:30am

LUNCHEON

The Plaza Club • Honolulu • Hawaii

PRESENTATION

This presentation is geared toward owners and practitioners who are looking to improve their project delivery method. Learn why both public and private owners are asking for Lean in their projects and how practitioners are creating more value for their customers with better performance in this thought-provoking presentation. Mr. Umstot will share how San Diego Community College District eliminated nearly \$35M in waste in their capital project program using Lean in Design-Build.

SPEAKER

DAVID UMSTOT, PE, CEM
Co-Founder & President - Umstot Project & Facilities Solutions, LLC
DBIA-WPR 2015 Board President

Mr. Umstot is a California-registered Professional Civil Engineer with 29 years of leadership experience in private sector and public agency construction program management and facilities management. He co-founded Umstot Project and Facilities Solutions, LLC in 2013 to assist others in delivering better projects, performance and results. He has delivered more than \$2B in construction of higher education, K-12, healthcare and other industrial facilities. He is recognized as a leader in California and nationally for his program management, Lean enterprise, facilities management, and sustainability practices. He was formerly Vice Chancellor of Facilities Management for the San Diego Community College District, responsible for managing their \$1.6B capital bond program, facilities maintenance and operations, and College Police. He was also formerly the Executive Director of Facilities at San Diego Unified School District responsible for implementation of its \$1.51B Prop MM capital bond program and \$131M annual physical plant operations. Prior to being a public agency owner, Mr. Umstot spent 18 years in the private sector as an engineer, project manager, program manager, builder and executive.
