

DBIA-WPR/AIA-CENTRAL VALLEY JOINT EVENT: ACHIEVING DESIGN EXCELLENCE WITH DESIGN-BUILD DELIVERY

Many owners are turning to Design Build to improve project outcomes. While many would argue that DB improves the iterative process between owner, designer, builder, constructability of final design, and project delivery timelines, there are a variety of opinions on how to best achieve Design Excellence or even what Design Excellence is! AIA and DBIA is proud to bring an exciting panel of engineers and architects together to share their insights and opinions and discuss how we can better deliver Design Excellence within the design-build delivery model.
