- 5 MESA PEDESTRIAN BRIDGE
- 6 RIDGEWALK IMPROVEMENTS

An architectural rendering of a modern building complex. The main building is a multi-story structure with a mix of wood and glass facades. It features a prominent cantilevered upper section. In the foreground, there is a transit station with a blue bus and a public plaza with many people walking, cycling, and sitting on benches. The plaza is surrounded by trees and greenery. The sky is a clear blue.

Q & A

THANK YOU
